Cleaning:

- This is a self-catering facility, but for a lengthy(or short) stay we can gladly provide you with a cleaning service by prior arrangement and at an additional cost.
- Start-up cleaning materials and toilet paper are provided.
- The drains in Yzerfontein are either soak or Municipal pump drains; therefore, please use only toilet paper in the toilets. Bins are provided for any other items that need to be disposed of.

Safety, health, environment & security:

- This is a non-smoking facility, but you are welcome to smoke outside, providing that you use a cigarette butt dispenser.
- The Yzerfontein residential area is surrounded by nature reserves and Green Belts running through the town. We ask that guests respect the environment at all times.
- Apart from a variety of small wild animals there are also dangerous snakes during the warmer season and it is therefore advisable not to wander into the fynbos unattended. It is also best not to approach the ostriches and give them right of way.
- Due to the fact that the West Coast is an arid environment, the local communities experience water restrictions from time to time, please help us by using water responsibly.
- We should mention that even though Yzerfontein is statistically a very low crime area, caution should still be taken and the premises be locked when you are away.
- A medical practitioner is available in town but unfortunately not 24 hours per day, but we do have a 24hr medical response person on duty.
- Every effort is made to service and maintain all amenities, equipment, and appliances to a fully operable and safe condition, and guests are requested to use and operate all these in a responsible manner. Kindly report any faulty conditions to the owners.

Pets:

- Unfortunately pets can only be accommodated per request and an additional deposit of R250 per pet will be charged.
