The environment:

- The Yzerfontein residential area is surrounded by nature reserves and Green Belts are running through the town. We ask that guests always respect the environment.
- Apart from a variety of small wild animals there are also snakes such as Puffadders and Cape Cobras during the warmer seasons and it is therefore advisable not to wander into the fynbos unattended.

- At certain times of the year, such as the breeding season, ostriches could be dangerous too, rather do not approach them at any time and give them right of way – they were here first!
- Since the West Coast is an arid environment, the local communities experience water restrictions from time to time. Please help us by using water responsibly.

Pets:

- Please note that pets are only allowed with prior arrangement and may not leave the premises without being on a leash.
- Please bring their bedding with you and, out of courtesy for other guests, refrain from allowing them on the furniture and beds.
- Please make use of poo bags, as well as dispensers on the beach or around town and leave the garden clean upon departure.
- Yzerfontein Accommodation has PET OWNER CODE OF CONDUCT before arrival

Whilst every reasonable precaution has been taken to ensure the safety of our guests and their possessions on the premises, the owner, its agents, and/or its employees shall not be liable for any injury, loss, theft, or damage suffered by a guest/s whilst on the premises. When booking at our establishments, the guest/s hereby indemnifies the owner of the establishment and Yzerfontein Accommodation against any claims arising from any injury, loss, theft, or damage suffered by them on the premises. Guests enter at own risk.

Staying in the beautiful, clean Yzerfontein and being able to welcome guests to a peaceful and mutually respectful environment and community is our priority and this forms this basis of our risk management.
