The environment:

- The Yzerfontein and Darling residential area is surrounded by nature reserves and Green Belts are running through the town. We ask that guests always respect the environment.
- Apart from a variety of small wild animals there are also snakes such as Puffadders and Cape Cobras during the warmer seasons and it is therefore advisable not to wander into the fynbos unattended. Should you encounter a snake, please contact the “snake catcher” on the number provided in the information book.
- At certain times of the year, such as the breeding season, ostriches could be dangerous too, rather do not approach them at any time and give them right of way – they were here first!
- Due to the fact that the West Coast is an arid environment, the local communities experience water restrictions from time to time. Please help us by using water responsibly.

Pets and Children:

- Unfortunately, not pets allowed in the Guest House or Cottage
- Strictly no kids under 12 allowed in the Guest House - however most welcome in the Cottage

When booking at our establishments, the guest/s hereby indemnifies the owner of the establishment and Yzerfontein Accommodation against any claims arising from any injury, loss, theft or damage suffered by them on the premises.
